

Blind & Vision Rehabilitation Services of Pittsburgh

At The Computer ...

... with the Access Technology Center

BVRS' ATC program continues to exceed expectations among its students. In a recent survey, ATC received 100 percent positive ratings in the following areas:

- Instructor's knowledge
- Training materials and exercises
- ATC equipment
- Workspace in classrooms
- Classroom lighting
- Response to problems and complaints
- Polite and respectful ATC staff
- Orientation to facilities

Additionally, ATC received more than 90 percent positive responses from its students in these areas:

- Program length
- Scheduling and introductory information
- Orientation to ATC policies and procedures
- Appropriateness of training
- Instruction time
- Scheduled breaks
- Noise levels

Finally, and perhaps most important, our staff has more than 50 years of combined experience in providing AT assessment and training. We'll introduce you to them next month.
